Regarding Material Safety Data Sheets for HemoCue Microcuvettes

Material Safety Data Sheets
According to the Hazard Communication Standard 29 CFR 1910.1200 and the Guidance for Hazard determination, chemicals that falls under the category “articles” does not apply to this standard.

"Article" means a manufactured item other than a fluid or particle:

(i) which is formed to a specific shape or design during manufacture;
(ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and
(iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees.

All HemoCue Microcuvettes are articles, therefore this standard is not applicable.

Information of products
For more information about HemoCue Microcuvettes, consult the package insert for respective product.

HemoCue B-Hemoglobin Microcuvettes
HemoCue Hb 201 Microcuvettes
HemoCue Hb 301 Microcuvettes
HemoCue Plasma/Low Hb Microcuvettes
HemoCue Donor Hb Checker Microcuvettes
HemoCue B-Glucose Microcuvettes
HemoCue Glucose 201 Microcuvettes
HemoCue Urine Albumin Microcuvettes
HemoCue WBC Microcuvettes

Waste handling
Used Microcuvettes will contain body fluids and should be handled as contaminated material according to local legislation.
Unused Microcuvettes can be handled as waste for incineration according to local legislation.

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: HemoCue Hb 201 Microcuvette

Product use description: The HemoCue Hb 201 system is intended for quantitative determination of hemoglobin in capillary, venous and arterial whole blood. The HemoCue Hb 201 Microcuvettes are intended for use in the HemoCue Hb 201 analyzer, HemoCue Hb 201™ analyzer and HemoCue Hb 201 DM analyzer. The HemoCue Hb 201 Microcuvette is for In Vitro Diagnostic use only.

Company: HemoCue AB, Box 1204, SE-262 23 Angelholm, SWEDEN
E-mail: info@hemocue.se

Telephone no: +46 431 458200

Emergency telephone no: NA

3. HAZARDS IDENTIFICATION

This product contains no hazardous constituents, or the concentrations of all chemical constituents are below the regulatory threshold limits described by the Occupational Safety Health Administration Hazard Communication Standard 29 CFR 1910.1200

Emergency Overview
NA

Potential Health Effects
Eye contact: NA
Skin contact: If contact with reagent, wash with soap and water. See section 6.
Ingestion: NA

4. FIRST AID MEASURES
NA
5. **FIRE FIGHTING MEASURES**
   General fire fighting procedures.

6. **ACCIDENTAL RELEASE MEASURES**
   General Information
   The product is not likely to cause any accidental release of reagent if handled appropriate.

7. **HANDLING AND STORAGE**
   Handling: Handle according to instructions for use
   Storage: Store according to package insert

8. **EXPOSURE CONTROLS/PERSONAL PROTECTION**
   Personal Protective Equipment
   The usage of the HemoCue Hb 201 Microcuvette involves contact with blood. Use gloves.

9. **PHYSICAL AND CHEMICAL PROPERTIES**
   NA

10. **STABILITY AND REACTIVITY**
    NA

11. **TOXICOLOGICAL INFORMATION**
    NA

12. **ECOLOGICAL INFORMATION**
    NA

13. **DISPOSAL CONSIDERATIONS**
    Unused Product: Unused Microcuvettes can be handled as waste for incineration according to local legislation.
    Used Product: Dispose as potentially infected material

14. **TRANSPORT INFORMATION**
    NA

15. **REGULATORY INFORMATION**
    NA

16. **OTHER INFORMATION**
    NA
